

# AMERICAN COLLEGE OF MEDICAL PRACTICE EXECUTIVES (ACMPE) OFFERINGS

Stackable certificates and certifications appropriate at any stage of your career.

## CERTIFICATES

Certificates are a training opportunity to acquire and be recognized for specific competencies based on the Body of Knowledge. There are no eligibility or maintenance requirements. MGMA offers three types of certificates stackable with all ACMPE designations:

### TOPIC SPECIFIC CERTIFICATES:

Each are created to teach competencies based on specific topics and skills pertinent to the Body of Knowledge domains. Completion of assessment results in a certificate and digital badge for validating mastery of the topic. No credentials are earned.

### DOMAIN SPECIFIC CERTIFICATE PROGRAMS:

Covering one of the six domains based on the Body of Knowledge, broken into topics and skills to cover in-depth information. Completion will result in certificate, digital badge and credentials, validating mastery of a BOK Domain. Example: Financial Management certificate (FMC)

### PRINCIPLES OF PRACTICE MANAGEMENT CERTIFICATE PROGRAM:

A primary training program of the core principles of medical practice administration, based on top areas of Body of Knowledge. Completion of assessment(s) results in the Principals of Practice Management Certificate and grants use of the PPMC credential. A great training in preparing to complete your CMPE and for entry level advancement.
